MEMORANDUM OF UNDERSTANDING BETWEEN

ACHARYA NAGARJUNA UNIVERSITY

AND

Dr.Y.S.R. HORTICULTURAL UNIVERSITY

FOR COLLABORATION OF ACADEMIC INTERACTION

In accordance with the mutual desire to promote cooperation between Acharya Nagarjuna University, Guntur and Dr.Y.S.R. Horticultural University, Tadepalligudem, both the organizations enter into this formal statement of collaboration in the form of Memorandum of Understanding (MOU) for the purpose of Academic interaction.

Both the institutions have found it mutually beneficial to explore the possibilities for cooperative activities for the following purposes:

- 1) Collaboration in academic and research activities between Acharya Nagarjuna University and Dr.Y.S.R. Horticultural University
- 2) To start collaborative research projects for strengthening the research in Biotechnology, Environmental Science and Plant Sciences areas between both the organizations
- 3) Exchange of facilities available at both the Institutions for collaborative research and undertaking projects
- 4) To provide short training and projects to MSc and MTech Biotechnology students at both the organizations.
- 5) Organization of joint Seminars/Training Programs/Meetings

It is understood that the details of joint activities/conditions for utilization of results achieved, arrangements for specific visits, exchange and all other form of cooperation will be handled on mutually agreeable terms for each specific case.

Dr. K. Satyagopal, IAS
Director General

D.O.No. DG/APHU/10

Dated 26th October, 2010

Dear Dr. Sikhamani,

Subject: Memorandum of Understanding for Educational programs – reg.

I wish to inform you that the National Institute of Plant Health Management, an autonomous Institute under Ministry of Agriculture, Government of India through its core role of Training, Teaching and Research is mandated to address the existing and emerging challenges in the field of Plant Health Management to enhance agricultural production by adopting environmentally sustainable practices/technologies.

NIPHM is also given the responsibility to exploit India's comparative advantage in IPM/Farmers' Field Schools, Plant Quarantine and Locust control to build capacity in South East Asian region. NIPHM will also be extending policy support to Central and State Governments on various aspects of Plant Health Management and Sanitary and Phyto-sanitary issues. In order to achieve these goals the institute is collaborating with State Agricultural Universities. The Institute has already entered in to a MOU with Acharya N.G. Ranga Agricultural University and in the process of entering into a MOU with Tamil Nadu Agricultural University is in progress.

NIPHM is looking forward for a similar arrangement with your University. A copy of the MOU entered between NIPHM and ANGRAU is enclosed for your reference. I take this opportunity to invite you to visit NIPHM during your next visit to Hyderabad so that detailed discussions can be held on the issue.

With warm regards

Encl: as stated above

Yours sincerely,

K. Satyagopal

Memorandum of Understanding between the Office of the Chief Electoral Officer, Andhra Pradesh and Andhra Pradesh Horticultural University, Venkataramannagudem, West Godavari District, Andhra Pradesh.

Recognizing

- ⇒ that the democratic framework of our country has been shaped through credible, transparent, impartial electoral processes put in place by the Election Commission of India over the last sixty years, and also
- ⇒ that these processes, enfranchising every eligible elector in this country, begin with voter registration and ultimately seek to provide a level playing field for all political parties and an environment that is conducive for conducting a free and fair poll, in which all eligible electors can and should participate
- ⇒ that these processes must be citizen-friendly providing all necessary information to potential voters so that they become active, informed and responsible citizens fully engaged in the process of democratic governance through effective electoral participation
- ⇒ that there is an imperative need for greater participation of all the stake holders that in the broadest sense would imply greater citizen engagement in the election process.
- ⇒ that young Indians who become qualified to be registered as voters on turning 18 years need to be given the necessary facilitation to understand their new role and get engaged with the electoral registration and further participation process.
- ⇒ that a program of citizenship education deepening students' knowledge of the democratic processes in general and the electoral process in particular and helps to develop an attitude that values democratic and peaceful resolution and respect for the rule of law can help build an inclusive participative, democratic polity.
- ⇒ that Universities, Colleges and Institutions of Higher Education can play a pivotal role in initiating and sustaining this process of creating active and responsible citizenry more particularly oriented towards democratic electoral participation through formal and non-formal programs of relevant, interactive, collaborative curricular course offerings.

Bhanwar Lal, I.A.S.,
